Hi Toney,

b5 - deliberative

Thanks again for keeping us in the loop. We (here at headquarters) are very impressed with the great collaboration and open communication you have going with the Corps District. [REDACTED]

[REDACTED]

We have reviewed the materials and are aware of the underlying issues. We also are making sure OWM is kept informed, because they are the Agency's primary interpreter of the waste treatment exclusion.

Looking forward to discussing this further next week, Hadas

Hadas

Lesley and Sarah will be working out the logistics of the field visit together. This will leave the August 14th call available to discuss the wetland and JD status.

The attached letter is presenting the Climax arguments on the jurisdictional issues and is from the Climax attorneys. Lesley has pointed out that the last sentence of the Climax letter states that they (the Climax attorneys) welcome a chance to discuss the respective JD analyses. This is interpreted as a request for a meeting/call with the Corps attorneys on the Climax Mine JD status. [REDACTED]

b5 - deliberative

Toney
